

Spanish-Language Radio Programs: Overview

Bipolar Disorder

A voice actress describes her symptoms and a narrator encourages listeners to seek help.

The Circulatory System

Racing cars are used as a metaphor for the circulatory system. A narrator describes the system's main mechanisms.

Fruits and Vegetables

A narrator explains the importance of fruits and vegetables to a growing child's diet.

The Nose

Above sound effects of a person blowing their nose, a narrator explains how the nose filters air that enters the lungs.

Panic Disorder

A voice actress describes her symptoms and a narrator encourages listeners to seek help.

Seek Help for Mental Illness

A role model describes her personal experiences with mental illness and a narrator encourages listeners to seek help.

Tortilla Chips

A narrator explains an easy recipe for preparing low-fat tortilla chips.
